## EXPERIENCE

### Shankar, Grading Assistant

April 2024 - July 2024

Marked students' grades in Assembly.

### Israel Defense Force

August 2018 - April 2021

- Search and Rescue Instructor - Training and commanding in the search and rescue course, including initiation during training and exercises, for reserve units, IDF soldiers, and civilians.
- Teaching and Training Instructor - The role of the teaching and training Instructor deals with the guidance of different unique populations.
- Graphic Designer - Responsible for designing and executing graphic projects for the army, including posters, graduation pictures, and apps for technology-based learning departments.

## EDUCATION

### Software Engineering, Shenkar — B. Sc.

October 2022 - October 2025

## PROJECTS

- **Family Quest App**

FamilyQuest is a mobile application designed to revolutionize household chore management by transforming it into an engaging and collaborative experience for families. The app was developed in **React-Native Expo** using **Firebase** as its main database.

- **Public Information Portal Web Page**

This project presents users with crucial information concerning various emergency issues through a web interface. The backend infrastructure is constructed with **Node.js**, **Express.js**, **MongoDB**, and **Mongoose**, while the frontend employs **React** alongside several **machine learning libraries** to facilitate Chatbot functionality.

[Project Link](#)

- **Final Fantasy Game**

This project is a small simulation of the Final Fantasy experience with option for multiplayer game play against other players. The game was developed in **Unity** using an additional library called **AppWrap**.

## About Me

A third year Software Engineering student at Shenkar college, looking for a student position in software development.

In my free time I like to draw, play with friends and watch television shows.
